Product Specification

PP-172 Black Wedge

Description- This wedge extrusion is used to fix board to the aluminium frame of sliding door wardrobes. The small angled portion of the profile is the only portion that can be seen and provides an aesthetically pleasing transition between the frame and the board. Used on board that is too thick to install the white wedge.

Material- Rigid PVC

Standard Colours- Black

Additional colours available subject to minimum order quantities

Standard length- 3700mm

Custom lengths available – not in stock

Packing Method- clear plastic sleeves

Number per pack- 100 pieces per sleeve

Weight per pack- 10 kg

Made in Australia
